Checklist of information needed for ACC Review

The more information that is included with your original submission, the quicker the association can respond with an approval/disapproval or request for more information.

Shed Request:

- Drawing showing positioning of shed on lot.

- Distance of shed from lot lines.

- Description of shed to include: materials of structure, roof, foundation if any; color of structure and roof (or it may simply say "to be similar in color to the house")

- Size of shed (ie 10x10)

- Height of shed at peak

Fence Request:

- Drawing showing positioning of fence on lot in relation to lot lines.

- Description of materials and color, if applicable

- No chain link allowed.
